

BBC Promise to You

JB's on 41 • Super Bowl Family Entertainment Center • Odyssey Fun Center

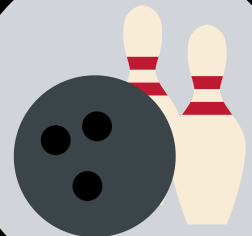

We will be a leader in the hospitality industry and abide by high standards for our trained staff and guests.

We have trained our staff with up-to-date guidelines. They will pass a health check before work each day.

We will support local and national best practices, such as social distancing, constant sanitizing, and cleaning while we are open.

We will clean and sanitize attractions, equipment, and surfaces before we open, while we're open, and deep clean after we close.

We will only serve food prepared by Servsafe-certified staff, along with providing one-use menus, utensils, plates, and wet naps.

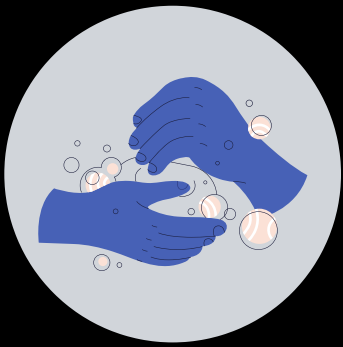

**WE'RE
READY TO
ROLL**

Your Promise to Us

We ask guests who are feeling ill to stay home during this time. We ask guests who come in to follow our guidelines.

How You Can Help

Safety Guidelines

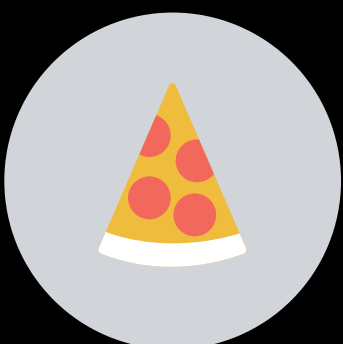

DO wash your hands for 20 seconds by singing "Happy Birthday" or by using one of our many sanitation stations.

DO follow social distancing. Bowl every other lane, follow floor decals for lines, and respect new layout arrangements.

DO trust our team. We've been trained on new procedures, wear gloves, and we're all in this together.

DO use our equipment. Leave bowling balls at the lanes. We wipe down everything, inside and out, after every use.

DO order from our menu. We recommend credit cards. Food is served with disposable plasticware. Ask for condiments.

READY
TO
ROLL?

DON'T visit our center if you're feeling ill. We ask guests who come in to follow our guidelines.
